## INSTALLATION GUIDE for Openpay Widgets Extension for Magento 2

### Step 1 :

Go to your projects root folder & then follow the path : app/code/  
If there is no 'code' folder under the 'app' directory, please create it.

Paste the extension within the 'code' folder.

### Step 2 :

Then you open a terminal application, change to magento root directory and use command line : cd [magento 2 root folder]

Then run these commands :

**1. php bin/magento setup:upgrade**

**2. php bin/magento setup:static-content:deploy**

If cache is enable in your website, then run this command :

**php bin/magento cache:flush**

or you can do it manually.

To flush cache manually, follow the path : **SYSTEM -> Tools -> Cache Management**

Then click on 'Flush Magento Cache' button.

	Cache Type	Description	Tags	Status
<input type="checkbox"/>	Configuration	Various XML configurations that were collected across modules and merged	CONFIG	ENABLED
<input type="checkbox"/>	Layouts	Layout building instructions	LAYOUT_GENERAL_CACHE_TAG	ENABLED
